

VERÓNICA ESPERANZA GONZÁLEZ PÉREZ

I am a visual artist specialized in illustration, design, animation and concept-art; but also formed and interested in the field of education and teaching.

I have focused my career in the field of visual arts, so I can work within projects in different art departments, due to my creativity and thanks to my mastery of the tools and techniques from illustration, 3D, concept-art, design, animation and layouts. That is why I am looking to develop my professional work in companies into these fields, advertising, education, illustration, cinema/animation or videogames and so.

•So, if you need someone who is passionate about visual arts, committed and dedicated onto her job, call me!
